Chapter Manager: George de la Nuez	The Ride for Freedom is on June 27th; George told everyone about his accident in Daytona and asked that everyone not drink and drive. He asked that everyone look out for each other and to discourage riding and drinking. He wants us to talk to people about riding safe and hopefully make a difference in someone's life before they get behind the wheel or handlebars and ruin their life. George is also on the Dealer Advisory Committee. HOG is a wonderful group. Wolverine's HOG chapter has been in existence for 19 years. If you have any ideas on how to involve more people especially young rider let him know and he will pass it on to the other dealers. The Dealer Advisory Committee is looking to continue to grow HOG and help pass the torch to younger riders.
